Environmental Policy

RGPPL, engaged in gas based power generation, is committed for continual improvement in its environmental performance through effectively controlled environmental management system.

To minimise environmental impacts concerning our activities, we shall:

- Ensure that all applicable compliance obligations are addressed and met.
- Prevent or Control Pollution and protect the environment in all aspects of our business particularly acting on significant aspects of our operations.
- Reduce, reuse or recycle wastes and minimise the consumption of resources and energy wherever feasible.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner.
- Create environmental awareness to our employees and associates including contract workers.

This Policy will be reviewed in the event of change in our environmental goals.
